THE WORLD LEADER IN PERFORMANCE SILICONE HOSE

SamcoSport is the original performance silicone hose brand.

The pioneers in the development of direct replacement aftermarket hose kits, SamcoSport has always offered the most comprehensive range of kits and standard parts available in the marketplace.

Known for their quality, durability and reliability, SamcoSport continue to offer exceptional, cutting edge products. Each new product is designed and developed by an in-house team of engineers who use only original factory parts as guides to ensure optimum design accuracy and product fitment.

With over 300 Kits designed for almost 27 different manufacturers, SamcoSport are able to offer products for a wide range of applications including on road, off road, scooters, trials, quad/ATV & side by side/UTV bikes.

SamcoSport

The sign of quality. More teams trust SamcoSport products than any other brand.

Premium Quality Fabrics

UK manufactured premium quality, designed for automotive use.

Hand Made

Made by highly skilled craftsmen and 100% visually inspected in the UK.

Highest Quality Silicone

SamcoSport only use the highest quality automotive grade European silicones.

Race & OEM Fit

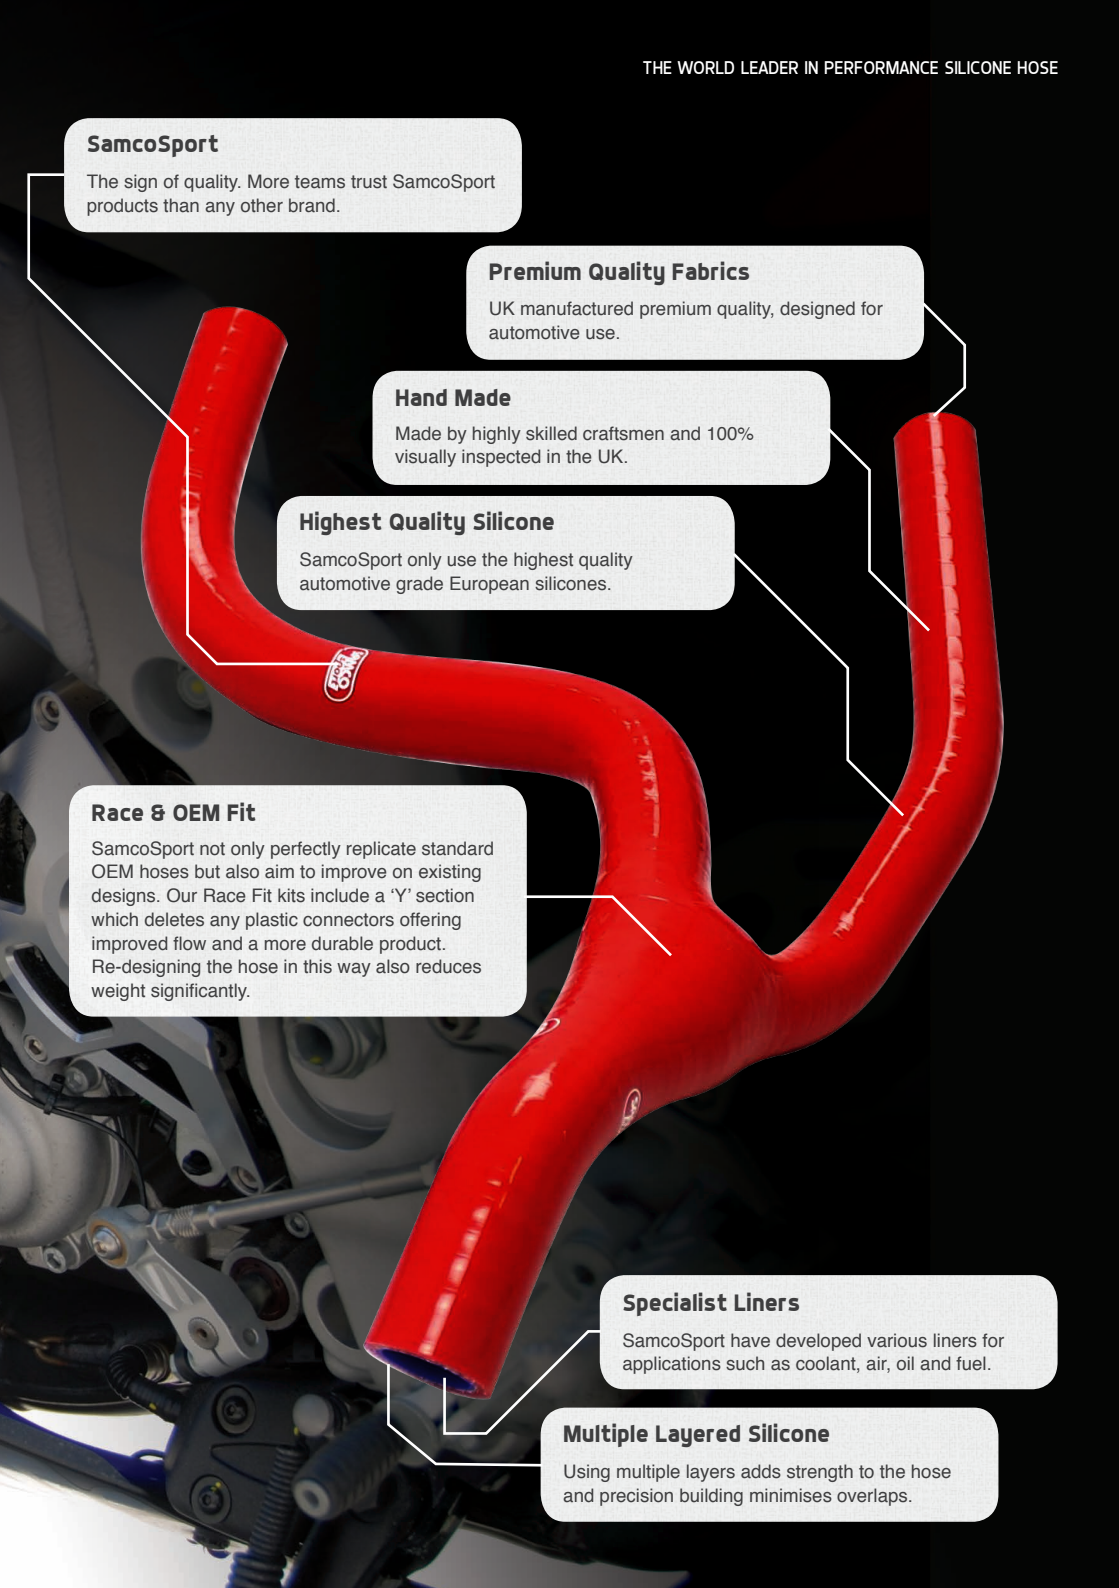

SamcoSport not only perfectly replicate standard OEM hoses but also aim to improve on existing designs. Our Race Fit kits include a 'Y' section which deletes any plastic connectors offering improved flow and a more durable product. Re-designing the hose in this way also reduces weight significantly.

Specialist Liners

SamcoSport have developed various liners for applications such as coolant, air, oil and fuel.

Multiple Layered Silicone

Using multiple layers adds strength to the hose and precision building minimises overlaps.

DIRECT REPLACEMENT SILICONE HOSE KITS

OFF-ROAD BIKE KITS

Off-Road Motorbike Kits

Replacing standard OEM hoses results in increased performance and a better looking bike. Multipart components are re-designed by SamcoSport to be replaced by single piece hose, minimising potential leak points and improving flow efficiency through the use of Samco® Zero Block Tooling. SamcoSport hoses weigh less than standard OEM hoses and are more durable, providing better debris & crash resistance, perfect for your off-road needs.

SamcoSport products are
used and trusted by Kawasaki
Race Team Europe MX1.

Spoilt For Choice

With over 226 direct replacement kits available for over 14 manufacturers, 19 colours and various different options for each kit, you really are spoilt for choice. Our full listing of kits can be found on our website.

OEM & RACE FIT KITS: THE DIFFERENCE

THE WORLD LEADER IN PERFORMANCE SILICONE HOSE

OEM Fit

- Perfect Aftermarket Fitment
- Higher Burst Pressures
- Highest Quality Silicone
- Extreme Temperature Resistance
- Lifetime Guarantee

Race Fit

- Improved SamcoSport Design
- Single Moulded 'Y' Piece
- Samco® Zero Block Tooling
- Improved Flow Rates
- Weight Reduction

OEM Fit Kit Option

SamcoSport's new OEM Fit range of kits offer extreme value, mirroring the fitment of standard hoses, whilst utilising the highest quality silicone rubber available. High burst pressures, extreme temperature resistance, lifetime guarantee and the coolest hoses on the market make the SamcoSport OEM Fit kits the perfect choice for all levels of rider.

Race Fit Kit Option

The SamcoSport Race Fit hose kits offer the complete package for the serious off roader. The kits include moulded 'Y' piece hoses allowing better flow rates compared to standard hoses and SamcoSport OEM Fit kits. This results in improved cooling and a reduction in weight. Again, backed up by a lifetime guarantee.

DIRECT REPLACEMENT SILICONE HOSE KITS

ROAD BIKE KITS

On-Road Motorbike Kits

Replacing standard OEM hoses results in increased performance and a better looking bike. Multipart components are re-designed by SamcoSport to be replaced by single piece hose, minimising potential leak points and improving flow efficiency through the use of Samco® Zero Block Tooling. SamcoSport hoses weigh less than standard OEM hoses and are more durable, providing better debris & crash resistance.

Our motorbike kits are developed and tested with some of the biggest names in motorsport. This allows us to produce high quality products designed for the race teams, and offer them directly to you.

SamcoSport products
are used and trusted by
Crescent Suzuki WSBK.

Spoilt For Choice

With over 224 direct replacement kits available for over 15 manufacturers, 19 colours and various different options for each kit, you really are spoilt for choice. Our full listing of kits can be found on our website.

WHY TO CHOOSE SAMCOSPORT

SamcoSport hoses are the most reliable upgrade you can make to your engine. With a Lifetime Warranty* offered you can rest assured that your hoses will outlive your car. SamcoSport pioneered silicone hoses for the performance and racing aftermarket and are the experts in silicone hose. SamcoSport have over 20 years experience and operate out of the largest performance hose facility in Europe.

Milwaukee Yamaha - BSB

'We at Milwaukee Yamaha use SamcoSport hoses because we aim to produce the best bike possible, and this means we expect the best parts. With SamcoSport's higher burst pressures, better flow qualities and style it is essential to ensure the cooling system is covered in terms of performance. SamcoSport hoses are simply a must for us.'

Steven Bradley - Race Mechanic

Crescent Suzuki - WSBK

'To compete with the best factory teams in World Superbike, we have to pay strict attention to detail in every area of the bike's specifications. A water hose is not just a water hose – Samco's unique products are lighter yet significantly more durable than standard and fit more precisely.'

Paul Denning - Team Principle
